# SCORE Value Creation Framework

SCORE has a robust approach and methodology that contextualizes the socio-economic profile of communities and their specific needs. We design solutions, establish “*proof-of-concept*” and develop sustainable framework for replication at scale. The delivery of our initiatives is carried on ground by leveraging and collaborating with credible network/s. The results are supported by measurable indicators and demonstrated impact on ground.

**RESILIENT & EMPOWERED COMMUNITIES WITH AUGMENTED LIVELIHOOD OPTIONS**

## Partners & Associates

SCORE, in this endeavour, is partnering with UN agencies, corporate houses, central and state governments, foundations and individuals for carrying out work in South Asia.
